Perth Children's Hospital to feature in a new TV documentary series

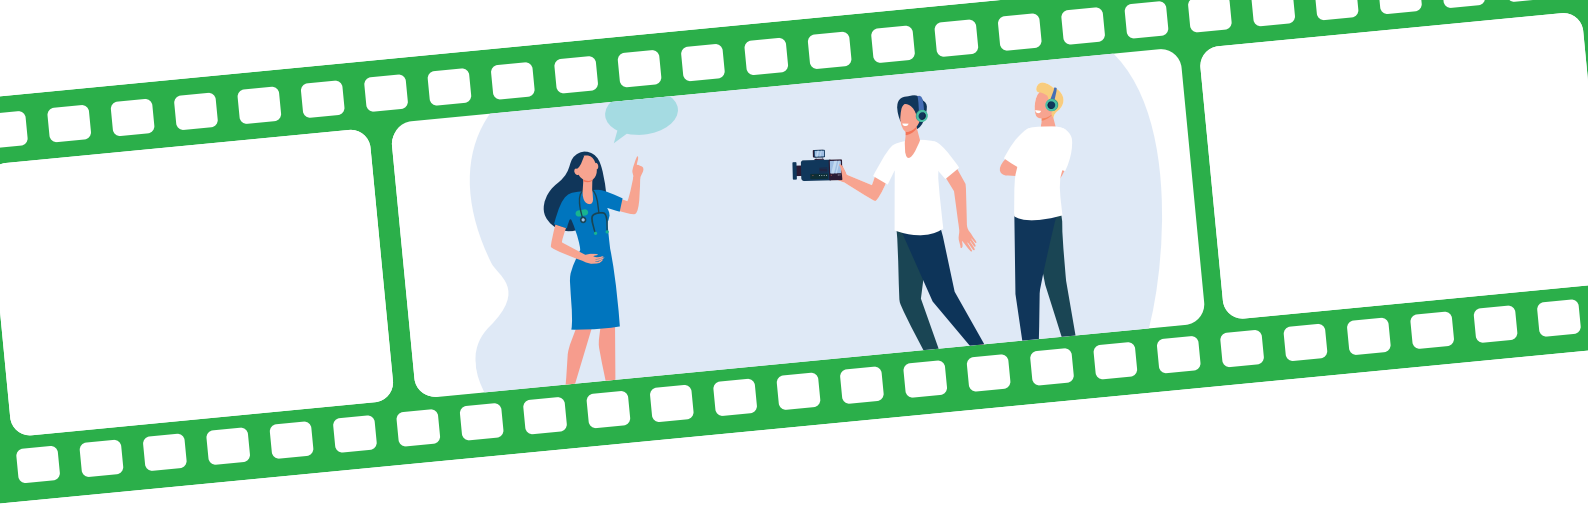

We are very excited to be taking part in an international TV documentary series about the inner workings of our hospital!

It will be an eight-part observational-style series that will follow our patients and their families, staff, volunteers and our partners, on their journey through our health service.

This is our chance to share WA with the rest of the world, showcasing our incredible children's hospital and the amazing stories of the people who walk through our doors every day – and we'd love you to be part of our story.

Where and when will it be shown?

The series will be shown on Channel 9 in Australia and internationally on Quest Red, Discovery in the UK. We anticipate it to go to air towards the end of 2021.

What if I don't want to be filmed?

Please let a staff member know if you'd prefer not to be filmed. You'll only be included if you are happy to take part.

I've been filmed but have decided I don't want to be on TV

If you have been filmed and are unsure about your involvement you can speak with a Perth Children's Hospital representative to discuss the options. This needs to be within 30 days of filming.

I have a question...

You can speak to one of the people wearing a 'Documentary crew' white t-shirt if you have any questions.

We also have a representative at Perth Children's Hospital who can speak to you about the TV documentary series and answer questions you may have.
