

Indemnity

In all projects where the following CTRA are used, the Sponsor and/or the Contract Research Organisation (CRO) must provide indemnity to the Institution and members of the Responsible HREC against claims arising from the project on the terms and conditions set out in the relevant Medicines Australia Form of Indemnity for Clinical Trials:

- CTRA - Medicines Australia Standard Form (Form A)
- CTRA - Medicines Australia Form - Contract Research Organisation acting as the Local Sponsor (Form D)
- WA CTRA Standard Form B – involving a Sponsor and a Contract Research Organisation Projects conducted under the Clinical Trial Agreement - Collaborative or Cooperative Research Group (CRG) Studies – Standard Form (Form C) do not require the CRG to provide the Institution and HREC with an indemnity.

If a CRG offers to provide an indemnity it should be in the form of the Medicines Australia version. There are two versions of Medicines Australia (MA) Form of Indemnity for Clinical Trials:

1. Standard Form of Indemnity (for use where the Indemnified Party (CAHS) is providing premises for the conduct of the project and HREC Review, or is providing premises only)
2. HREC review only (for use where the Indemnified Party (CAHS) is providing HREC review ONLY of the project)

For most projects, the Standard Form of Indemnity will be submitted. The current version can be downloaded from the RGS (see links below) or Medicines Australia. As the Form of Indemnity is a legal document, the indemnifying party (e.g., the Sponsor) must ensure that the correct legal name appears for both ‘the Indemnified Party’ and ‘the Sponsor’. CAHS RGO can assist with these details.
